Independence was the mecca for a majority of homeseekers who came to Texas in an early day. It offered social, religious and educational advantages not found elsewhere in the state and was known as the Athens of Texas. An industrious husbandry developed fertile fields and soon became large plantation owners. Institutions for higher education were needed and demanded and in 1845 while Texas was yet a republic, Baylor University was chartered and located there. The Baptists did not believe at that time in co-education of the sexes and a few years later Baylor Female College was chartered. These schools respectively were finally removed to Waco and Belton in 1885. They were patronized by many denominations aside from the Baptists and offered a curriculum thorough and efficient, as attested by the long list of graduates who have gone forth into all walks of life, many of (See HOMECOMING on page 4)

Vote For HENRY B. KRENEK

For Representative 65th District

HELP YOUR FARMER AND YOU WILL HELP YOURSELF

TO THE CITIZENS OF THE 65th FLOTORIAL DISTRICT OF TEXAS

When I consented to announce as a candidate for the Democratic nomination as Flotorial Representative of the 65th District of Texas, I did not announce the principles for which I would stand for, if elected.

First, I am a native Texan, forty-six years old, born and reared on a farm in Fayette County and largely worked myself through Veterinary College at London, Ontario, Canada. I promised to do so at the earliest opportunity and I did so during my 60 days campaign over Lee, Milam and Burleson counties.

Second—If elected, I pledge you my sincere efforts in every movement for the reduction of State, County and City governmental expenses. By reduction of salary of all state and county officials from highest to lowest.

Third—Tax laws must be revised whereby the burden of taxation will be shifted from our farms and homes of Texas and placed upon property that is now escaping taxation. Approximately 75 per cent of our wealth is not taxed at all. Reducing expenses has been the platform of all candidates for a number of years, but each Legislature for a period of time has been appropriating greater sums than the former.

The coming session of the Legislature will have an opportunity for Constructive Service. Whether the people get any relief from their tax burden is going to be determined by the various officers and especially so in your selection of a Representative to the coming session of Legislature. I will consider that the people of my 65th District have sent me to Austin as their Representative. By that I mean that it will be my duty to study the questions which will be presented and to determine the course to be pursued in the light of my own conviction. I shall not consider whether such course as I will follow will be popular or unpopular but whether it will be wise or otherwise. I shall vote according to the conviction thus formed, and be ready, willing and able to explain them or defend them at any time or place.

I want to thank the many friends who have so generously offered me their support and their efforts in my behalf, and I will make it a point to try and see as many of them as possible and thank them in person for their kindness.

ONEAVILLE PIRATES LOSE TO FIREMEN WEDNESDAY

On Wednesday afternoon the Oneaville Pirates lost to the Firemen 15 to 1. This game was due to have been played on the Pirate's grounds but they transferred it to the Cameron diamond. After the first inning it was a foregone conclusion that the Pirates did not have a chance. On the mound for the Pirates was Pete Leach while George Sumrall did the twirling for the Firemen. George let the Pirates down with five hits and their lone tally came in the ninth on two hits and an error. The Firemen jumped on the offerings of Leach in their first time at bat when they scored six runs on seven hits. In the second inning the Firemen increased their lead four more tallies on four hits and an error. Two more were made in the next two innings and the last score was chalked up in the fifth inning. In all the Firemen collected 19 hits, two of the two base variety, four three baggers and two home runs.

Leading in the attack was Dennis McDonald who made a single, double triple and a home run in five times up. Other Firemen who fattened their averages considerably were Young, A. Peel, Jenness, Glenn, Wiley and Thompson. The Firemen were getting their eyes on the ball in preparation for their game with Lampasas which was to be played on Sunday at that city.

During the Firemen-Pirate game several changes were made in the line up during the game. McDonald came in from right field and went behind the bat in the fifth inning when Glenn retired from the game. Thompson went to right field. Keith replaced Deer at first base. For the Pirates Elmer Rose replaced Leach on the mound in the third inning.

The Pirates have one more game with the Firemen which will be played here on Sunday, July 24.

For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

Vote For HENRY B. KRENEK

For Representative 65th District

HELP YOUR FARMER AND YOU WILL HELP YOURSELF

TO THE CITIZENS OF THE 65th FLOTORIAL DISTRICT OF TEXAS

When I consented to announce as a candidate for the Democratic nomination as Flotorial Representative of the 65th District of Texas, I did not announce the principles for which I would stand for, if elected.

First, I am a native Texan, forty-six years old, born and reared on a farm in Fayette County and largely worked myself through Veterinary College at London, Ontario, Canada. I promised to do so at the earliest opportunity and I did so during my 60 days campaign over Lee, Milam and Burleson counties.

Second—If elected, I pledge you my sincere efforts in every movement for the reduction of State, County and City governmental expenses. By reduction of salary of all state and county officials from highest to lowest.

Third—Tax laws must be revised whereby the burden of taxation will be shifted from our farms and homes of Texas and placed upon property that is now escaping taxation. Approximately 75 per cent of our wealth is not taxed at all. Reducing expenses has been the platform of all candidates for a number of years, but each Legislature for a period of time has been appropriating greater sums than the former.

The coming session of the Legislature will have an opportunity for Constructive Service. Whether the people get any relief from their tax burden is going to be determined by the various officers and especially so in your selection of a Representative to the coming session of Legislature. I will consider that the people of my 65th District have sent me to Austin as their Representative. By that I mean that it will be my duty to study the questions which will be presented and to determine the course to be pursued in the light of my own conviction. I shall not consider whether such course as I will follow will be popular or unpopular but whether it will be wise or otherwise. I shall vote according to the conviction thus formed, and be ready, willing and able to explain them or defend them at any time or place.

I want to thank the many friends who have so generously offered me their support and their efforts in my behalf, and I will make it a point to try and see as many of them as possible and thank them in person for their kindness.

ONEAVILLE PIRATES LOSE TO FIREMEN WEDNESDAY

On Wednesday afternoon the Oneaville Pirates lost to the Firemen 15 to 1. This game was due to have been played on the Pirate's grounds but they transferred it to the Cameron diamond. After the first inning it was a foregone conclusion that the Pirates did not have a chance. On the mound for the Pirates was Pete Leach while George Sumrall did the twirling for the Firemen. George let the Pirates down with five hits and their lone tally came in the ninth on two hits and an error. The Firemen jumped on the offerings of Leach in their first time at bat when they scored six runs on seven hits. In the second inning the Firemen increased their lead four more tallies on four hits and an error. Two more were made in the next two innings and the last score was chalked up in the fifth inning. In all the Firemen collected 19 hits, two of the two base variety, four three baggers and two home runs.

Leading in the attack was Dennis McDonald who made a single, double triple and a home run in five times up. Other Firemen who fattened their averages considerably were Young, A. Peel, Jenness, Glenn, Wiley and Thompson. The Firemen were getting their eyes on the ball in preparation for their game with Lampasas which was to be played on Sunday at that city.

During the Firemen-Pirate game several changes were made in the line up during the game. McDonald came in from right field and went behind the bat in the fifth inning when Glenn retired from the game. Thompson went to right field. Keith replaced Deer at first base. For the Pirates Elmer Rose replaced Leach on the mound in the third inning.

The Pirates have one more game with the Firemen which will be played here on Sunday, July 24.

Troop 32, B. L. Archer, Scoutmaster

Well, well the "ole" camping season rolls around again. Just another change of clothing from summer suits to bathing suits.

The boys of Troop 32 left early Monday morning for a week's trip and outing to the new Heart O'Texas Council Boy Scout Camp. This camp is located at Belton. Oh, maybe, it is a few miles north or south, but nevertheless it's around Belton. Fifteen registered Scouts went from here however these are only the boys from one troop as the others do not go until later. The Scouts taking the trip were as follows: Ernest Sharpe, Cecil Crowell, Roderick Long, Robert Crowell, "Cotton" Ross, Coleman Lansford, James Leath, Jerome Dusek, Jack Stidham, Vernon and Gail Bain, Anthony Cecil, Melvin Cecil, Lewis Kubecka and George Patillo. Troop 32, B. L. Archer, Scoutmaster

Well, well the "ole" camping season rolls around again. Just another change of clothing from summer suits to bathing suits.

The boys of Troop 32 left early Monday morning for a week's trip and outing to the new Heart O'Texas Council Boy Scout Camp. This camp is located at Belton. Oh, maybe, it is a few miles north or south, but nevertheless it's around Belton. Fifteen registered Scouts went from here however these are only the boys from one troop as the others do not go until later. The Scouts taking the trip were as follows: Ernest Sharpe, Cecil Crowell, Roderick Long, Robert Crowell, "Cotton" Ross, Coleman Lansford, James Leath, Jerome Dusek, Jack Stidham, Vernon and Gail Bain, Anthony Cecil, Melvin Cecil, Lewis Kubecka and George Patillo. The boys were accompanied by their Scoutmaster, Bennie Archer and the two assistant Scoutmasters, Gene Crowell and George Gott. Mr. John Young was of great service to the boys as he provided ways for six of them to reach camp.

Trop 53, J. W. Haygood, Scoutmaster

Regular meeting was held Friday night in our club room at the Masonic Hall. There were 21 present with two visitors. After regular business several important announcements were made regarding our camp for this summer. Our Troop will leave for camp Monday, August 1. Scout Pollard made a detail report of the all night hike of the Panther Patrol. The Black Bear Patrol have a hike planned for Wednesday night. Oh, yes, we had two boxing matches and after much voting the three judges rendered their decision, pronouncing the bout a perfect tie.

Troop 52, J. L. Lindle, Scoutmaster

Troop 52 met last Friday night at the City Park. The meeting was an all game meeting, topped off with a watermelon feast. The watermelons were furnished by the Moraw brothers. This Troop was the winner of a series of games between the three Troops and this is the way they finished:

	P	W	L	Per.
Troop 52	8	5	3	.625
Troop 32	8	4	4	.500
Troop 53	8	5	3	.375

Last Monday Troop 52 journeyed to Belton in order to take part in the Camp-O-Rally but on arriving at the camp, learned that the Rally was called off. All of the Scouts except Ted Matula and Wilbur Sutter went to Belton. Mr. Lindle, the Scoutmaster could not go. All enjoyed the trip and hoped they would be able to go to one of the camp sessions.

in summer upsets . . .

In spite of your exacting care about your baby's food in hot weather, little upsets are bound to come.

Doctors say the surest safeguard against summer upsets is to *keep your baby's bowels in good working order*. Then infection-breeding wastes cannot accumulate.

There's nothing like Castoria to get the bowels to work promptly . . . Castoria, the time-tested regulator specially made for the needs of babies and children.

Castoria is perfectly harmless, you know. It contains no harsh drugs, no narcotics of any kind. It is just a pure vegetable preparation which acts gently, yet effectively.

A first-aid dose of Castoria has kept many a little ailment from becoming a serious one. Be sure you get real Castoria; it always bears the name, Chas. H. Fletcher, on the package. Castoria now comes in two sizes. The new family size contains about 2½ times the amount in the regular size.

Saturday's primary. Those in charge of the Ferguson campaign are predicting that the Ferguson plurality will be the largest in recent years with a possibility of a majority in the first primary. The Fergusons have not spoken in the county this year, but will make a speech here in the run off in August in the event they do not win in the first primary.

There are seven candidates for governor and 39 candidates for Congressman at Large. In all the ticket has more than 100 names on it and delay is expected in tabulating the returns.

To Announce Returns

A committee of six under the direction of the County Chairman, will receive returns on the night of the election at the offices of the county attorney. The committee is as follows: J. B. White, Giles Avriett, Roy Law, W. B. Denson, Homer Nabours and J. D. Baskin. The returns will be announced from each box as soon as received. They will then be set down in a table for final tabulation by the Executive Committee when verified from the official returns.

The committee in advance of the election asks both candidates and citizens to exercise patience as delays are anticipated due to the length of th ballot. Because of this condition the Chairman has sent out instructions to election managers to omit from telephone reports the races for congress at large and to give returns only on state, county and precinct races.

Interest Runs High

In addition to the interest in county races where as many as three candidates are contesting for the nomination, more than usual interest is being shown in precinct races. In all there are eleven candidates for Commissioner in the four precincts. The campaign has been one of the most active in the history of the county. The box supper has been a big factor as usual and candidates have been speaking each night and in some instances have visited a single voting precinct twice. The candidates are weary with the march and while holding due appreciation for the courtesies of the various communities, are glad the end is here and win or lose a "good time has been had by all." The campaign has been both strenuous and expensive.

Convention July 30

The county convention will be held on Saturday, July 30 and will convene at 2 p. m. in the District Court room. Precinct conventions to name delegates to the county convention will be held on Election day at the various polling places. A committee of which the Chairman of the Executive Committee is in charge will make the canvas of the returns in time to certify the nominations to the county convention on Saturday, July 30.

Run Off Provided

A run off primary election is provided in the action of the Executive committee and candidates who fail to receive a majority vote at the polls next Saturday will contest again on the Fourth Saturday in August when the state run off primary is held.

It was estimated on the eve of the election that approximately 6000 votes would be cast in the county. Poll tax payments for the voting year of 1932 are 1400 short of the voting year of 1930.

Absentee voting has been more brisk than in any previous political year and interest has been manifested in a multitude of questions submitted to the Democratic Chairman and the County Attorney affecting voting qualifications, all of which indicates both campaign managers and candidates have made a thorough canvas and the 'forgotten' voter in previous campaigns has been aprised of his importance as a holder of the sacred franchise.

Reports indicate election managers are ready to greet the voters at the polls on Saturday morning at eight o'clock when the battle of the ballots begins.

L. Van Perkins In Statement Thanks Voters For Support

"To the citizens of Milam County. I have during this campaign tried to see all the voters as near as it is possible to do so. I realize that this has been a most strenuous campaign but I also know that win or loose, I have really won; because I have made many, many new friends and know more about the splendid citizenship of Milam County.

"I know that most of you believe in the fundamental principles of our form of government, and I know that you believe that the safety valve of this form of government is the "principle of rotation of office holders." With this fundamental principle agreed upon, I offer you my candidacy for the office of Tax Collector, because I have the educational training and experience that gives me the ability to offer you a service in this office that you have not received in the past.

"With these things in mind, I will appreciate your vote for me on July 23rd, and I assure you that it will always be a pleasure to serve you in the future.

L. VAN PERKINS."

TO THE VOTERS OF JUSTICE OF THE PEACE, PRECINCT No. 1:

On account of not having a car of my own it has been impossible for me to see every one of you personally in behalf of my candidacy for the office of Justice of the Peace. If you will give me your support for this office on Saturday it will be greatly appreciated.

Yours very truly,
GUS EVANS.

L. Van Perkins In Statement Thanks Voters For Support

"To the citizens of Milam County. I have during this campaign tried to see all the voters as near as it is possible to do so. I realize that this has been a most strenuous campaign but I also know that win or loose, I have really won; because I have made many, many new friends and know more about the splendid citizenship of Milam County.

"I know that most of you believe in the fundamental principles of our form of government, and I know that you believe that the safety valve of this form of government is the "principle of rotation of office holders." With this fundamental principle agreed upon, I offer you my candidacy for the office of Tax Collector, because I have the educational training and experience that gives me the ability to offer you a service in this office that you have not received in the past.

"With these things in mind, I will appreciate your vote for me on July 23rd, and I assure you that it will always be a pleasure to serve you in the future.

L. VAN PERKINS."

TO THE VOTERS OF JUSTICE OF THE PEACE, PRECINCT No. 1:

On account of not having a car of my own it has been impossible for me to see every one of you personally in behalf of my candidacy for the office of Justice of the Peace. If you will give me your support for this office on Saturday it will be greatly appreciated.

Yours very truly,
GUS EVANS.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Thedford's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

BY SUNNY POPE

More than fifty fans followed the Cameron Firemen to Lampasas Sunday and a most enjoyable picnic was on tap. After the noon lunch there was enough good eats to feed the hungry before leaving Lampasas. At least half the fans were ladies and oh boy what swell feeds these Matchless Milam girls can spread on the table.

There are three games left on the Firemen schdule these being Oneaville, Sunday the 24th at Cameron, Ben Arnold at Cameron on Wednesday July 27th and then another of the battle royals when the Lampasas team plays at Cameron on Sunday, July 31.

In the game Sunday it looked awfully blue for the Cameron fans up until the seventh. The boys broke out with the needed hits during that stanza and scored just exactly the number of runs needed to win their game. However at that the Firemen out hit the Lampasas boys 18 to 16.

The manager of the Lampasas team made the assertion before the start of the game that there had never been a ball knocked out of the park. Mr. Kirk made the assertion to the manager that he would see one that afternoon. The manager offered a dollar to see the sight. When McDonald came to the bat in the seventh with Archie Peel perched on scond Mack chose the first ball pitched to him and smacked the ball far over the center curtain. The manager made good his zrag and Kirk handed the dollar over to McDonald.

With the game of Wednesday the Cameron Firemen have played six games and won four of them for a percentage of .666. While the Firemen were putting this game in the 'won' column several of the players were getting some fat on their batting averages. For instance McDonald who got four hits in five times up for an average of .800. Slough Thompson was up only once but he poled out a three bagger. Pepper Young got a single, a three bagger and a home rhn in five times up. Deer and Jenness also got three baggers.

At this writing the Firemen have two games with Lampasas to be played, one with Ben Arnold and one with Oneaville before the end of the second half of the championship race. At the conclusion of these games, which will be on the last day of July, then the four teams at the top of the ladder will play it out for the championship of the league. It is very likely that the four teams who will be battling it out for the coveted cup will be Rosebud, Lampasas, Killeen and Cameron. In the event the Firemen are in this run off then the fans can expect some hot games as these four teams will be very evenly matched and excellent games should result.

In the game of Wednesday it was very evident after the first inning that the Pirates were in for the worst drubbing they have had this year. The Pirates did not score their run until after two were out in the ninth. But in the first time at bat the Firemen hopped on the offerings of Mr. Leach and before the side could be retired the Firemen had made more than enough runs to win an average ball game. Seven hits, one three bagger, two two baggers and four singles were made in this first inning.

In the second inning a three bagger, a two bagger, two singles and an error accounted for four runs. There is no team who can spot the Firemen to ten runs and hope to win when the Firemen are hitting as they were Wednesday. Whenever two Firemen get hits in a row then the rest of the team break out like small pox. Sumrall went the first eight innings with only three hits being made off of his delivery. The visitors got two hits and these coupled with an error accounted for their lone taily.

It seemed just like old times Wednesday when the Firemen went to hitting as they were during that afternoon's game. As the line up is now made the Firemen are a constant threat to any pitcher. When you consider the fact that seven of the regulars are hitting over the charmed .300 mark you can understand why they are such a threat.

In the pitching department the Firemen are well fortified with Geo. Sumrall, Archie Peel, Ben Zoch and Evrett Peel ready to take their regular turns in the box. In the catching division there is Glenn, McDonald and Jenness to pick from. The infield made up of Deer, Williams, Young and Wiley makes about the best infield in the league. Our outfield has always been notorious for its hitting power and fielding ability.

Since taking over the management of the team Everett Peel has proven to be about the most capable leader that any Cameron team has had in many moons, and it is hoped that Everett can keep the boys going at the speed they have the last two games. It will require just such leadership as this to win this pennant but the boys are hustling every minute under Everett.

In the averages which are brought up to date there is noticed a very substantial increase in the averages of some of the players. And this too in connection with the steady improvement in the defensive playing of Pro Deer and Dobey Wiley. In the last several games these boys have shown considerable improvement in their playing and also have increased their batting averages.

An unconfirmed rumor on the street Tuesday to the effect that the Oneaville Pirates contemplated retiring from the race would place the Firemen without a date for Sunday, July 24. In the event this team does forfeit the game with the Firemen some strong semi-pro team will be brought to Cameron for that date. It is to be hoped however that this report is untrue.

Eight of the Firemen are now hitting over the .300 mark and this potential threat is the cause of much misery to opponents. This fact was very clearly demonstrated at Lampasas Sunday when the Firemen went into the seventh inning trailing by a 8 to 4 score. The Firemen broke out in that inning and scored just enough runs to forge out in the lead.

When West Coast Bonus Marchers Called Halt at Sweetwater

Travel-weary, hungry bonus marchers, 1,000 strong, broke their long trek from California Friday and Saturday when they stopped at Sweetwater, Texas, to rest. About 500 arrived on a fast freight train and an additional 400 or more came in 150 automobiles. Here is a large part of the bonus army leaving the train in the station at Sweetwater.

Foils Robber

Celia Montalvan, famous Mexico City actress, picked by Eddie Cantor for a follies role, stopped in San Antonio long enough Friday to make a stage appearance and a hit, and send a would-be bandit fleeing with her bullets ricocheting about his heels.

CAMERON K. OF C. WIN GAME FROM STRINGTOWN

The Cameron K. of C. won their game with Stringtown Sunday by a score of 15 to 8. The Knights collected a total of 20 hits of which 3 were doubles and one was a home run. Thweatt pitched for the Knights getting 10 strikeouts besides getting three hits out of five times up. H. Walker hit a home run with Thweatt on the bag in the eighth. Walker, Louis Matula, Michalka also got three hits out of five times at bat. Every player got at least one hit for the Knights team.

Stringtown collected 12 hits off of Thweatt with Reeves doing work with the bat getting three hits out of five times at bat. Wedle pitched getting two strike outs and Weems one.

The Knights are now tied with the Seaton Seals for first place and there is no reason why the Knights should not be in the play off for the second division cup, if they keep up their hitting and good fielding.

FIREMEN DEFEAT LAMPASAS IN HARD BATTLE, 10 TO 1

The Lampasas team had enjoyed a perfect percentage until the Cameron Firemen invaded that city Sunday and came out victors by a ten to nine score. It was one of the hardest fought games the Firemen have had this year, but by winning against the leaders Sunday the Firemen proved themselves to be equal to the best in the league.

Both teams found it necessary to use three pitchers during the slugging bee. On the mound for Lampasas started the old veteran Rabbit Darrough who retired at the end of the sixth inning. During the six innings he was on the mound the Firemen nicked his offerings for only nine hits, which with errors produced four runs. Jones pitched the seventh inning and it was during his tenure on the mound that the Firemen broke out with six hits which netted the needed six runs to win the game. During this hectic batting spree 4 singles, one two bagger and a home run featured the Fireman attack. Pepper Young led off with a single and score don Peel's long single to the wall, Archie stopping at second. McDonald then poled the first ball over the plate for a home run which was said to be the longest hit ever made in the Lampasas ball yard when McDonald's fly to center field cleared the fence with plenty to spare. Jenness then got to first by being hi tby a pitched ball. Deer sacrificed. Wiley drew a base on balls. Earl Thompson got his second hit of the afternoon scoring Jenness. Keith was safe at first on a fielder's choice. Thompson then scored on Pepper's second hit of the inning. Archie Peel then flew out to right field for the third put out. In the eighth and ninth innings the Firemen went out in one, two three order. For Lampasas they took the lead in the first inning when they scored four runs on four hits and two errors. After one man was out in this inning E. Peel turned over the pitching job to Sumrall. George fared the same fate as Everett and Archie Peel was called in from left field to finish the game. In the second inning Lampasas scored three more runs on four hits. In the sixth another tally was chalked up on two hits, and in the last inning they made a serious threat but after making one score on two hits, a walk and an infield putout their rally was nipped.

SOCIETY

MID-SUMMER PARTY

A delightful mid-summer affair for the younger society set was a lawn party given by Miss Zora Clark Wilkerson Thursday afternoon from five to seven o'clock on the lawn of the home of her parents, Mr. and Mrs. Leo Wilkerson, when she entertained with five tables of forty-two.

A pretty lawn setting enhanced in beauty by yard flowers and pink zinnias in baskets and containers made attractive the east lawn of the home.

Five tables where pretty colonial girl score cards embellished with garlands of roses added beauty to the tables where merry games passed the afternoon all too quickly. Partners were selected by matching cut pictures. Highest score in games was captured by Miss Juanita Laake, who received a huge stick of striped candy; Miss Gladine Criswell was consoled in low score by receiving a package of chewing gum.

The hostess was assisted in the hospitalities by Miss Adalyn Lovick and served iced watermelons.

Previous to the games piano music was enjoyed where the guests assisted on the program.

MID-DAY LUNCHEON

The teachers of Sunday School formerly pupils of the Friendly Bible Class at the Methodist church were hostesses for a delightful luncheon Friday given in the basement of the church honoring the members of the class.

During the meal musical numbers were enjoyed. Miss Virginia Weems rendered a voice solo, Mrs. J. L. Clinton at the piano. Miss Frances Terry gave a piano number. This was followed with the class quilting two quilts, one a friendship quilt with names of the class members embroidered on each block, which will be given to a member of the class later on, and the other quilt will be sent to the orphans home. Before leaving for their homes in the afternoon, iced melon, cream and cake were served.

BAPTIST W. M. S.

The Eunice Taylor Glass group of the Baptist Missionary Society held no meeting Monday afternoon.

The Lottie Moon Circle met at the church Monday afternoon with three members present. Mrs. S. M. Burns Jr., led the lesson.

Mrs. T. A. Howell was hostess to the Lilly Mae Hundley group with Mrs. Wm. Henderson leading the lesson. Ten members were present.

Those present were Miss Louise Easterly of Rosebud, Prothro Deer, Cora Barmore, John Jeter, Nancy Rae Slocomb, Cyrus Miller, Frances Sharpe, Bill Morrison, Weis McDermott, Richard Butchee and Montague Triggs.

The hostess served an appetizing salad course with drink on tables decorated with pink rosebuds and ferns.

SHARPE

By SANDERS AND BROWN

The Baptist revival at Lilac, near here, conducted by Rev. P. L. Caperton of Cameron is proving very successful and vast crowds are attending from this community, Davilla, San Gabriel, Tracy and Cameron. The series of services will most likely close next Sunday night.

Misses Mable and Robertdine Wagner of this community spent the past week in Burnett visiting their father, Robert Wagner.

Around the domino table the Sharpe farmers have been leisurely passing away their time discussing the great gubernatoral campaign while the mercury registers 105 degrees in the shade. We have had plenty of hot weather the past week previous to the four inch rain which fell here Tuesday of this week. It is hard to tell who will be our next State chief executive so far as Sharpe is concerned but you can get the low down on either candidate by just sitting around the Sharpe domino table. Be it good or bad.

The Sharpe Boy Scout Troop No. 58 under the supervision of Marvin Petty, Scoutmaster, was entertained with a barbecue luncheon at Little River bottom Tuesday. The camping grounds were well accomodated with electric lights. Committeemen who attended were Dr. W. H. Lyon, Buster Spiegel, Jim Byrd and Earnest Backhaus.

The Sharpe nine defeated the Sandow baseball team last Sunday by an unbalanced score of 39 to 2. Several home runs were made but Garner starred by getting five runs out of six times up. They will play Thorndale here next Sunday.

WEEKLY COTTON LETTER

SUPPLY

The world's visible supply of cotton of all kinds on Friday, July 15 was 9,359,000 bales compared to 7,918,000 bales on the same date last year, or an increase of 1,441,000 bales. The relatively small increase in the visible supply of all kinds of cotton is accounted for by the supply of foreign growths showing a moderate decrease against a sharp increase in the visible supply of American.

Therefore, the world has consumed more cotton of foreign growths the present season than actually produced, and offsets to a small extent the very large crop of American cotton produced the current season.

Despite the weather having been generally dry and hot over the cotton belt the past ten days, east Oklahoma east Texas, Mississippi, Alabama, Georgia and parts of the Carolinas report an increase in weevil damage, and many points complain of greater injury than in any year since 1923, when a very small crop was produced.

DEMAND

Cotton consumed in the United States during June amounted to 320,783 bales, against 453,901 in June a year ago, and the total for the past eleven months was 4,590,447 bales, against 4,812,000 bales last season.

The present month of July is expected to be the low point in American mill consumption, as slightly more demand is appearing for cotton goods.

England continues to send in cheerful reports reflecting a slight improvement in home trade, a fair demand from Egypt and a steady business with the colonies.

Polish mills are running around 90 per cent capacity, while elsewhere on the continent consumption is only moderate and showing a declining tendency in France, Germany and Italy. Cotton experts for the past eleven months ending in June were 8,258,000 bales against 6,501,000 bales for the same period last year. The increase in exports is due entirely to the heavy demand from the far East, being 1,871,000 bales greater than a year ago.

MARKET

Up until two weeks ago the threat of weevil and worm damage promised to be among the most serious on record, and the cotton trade was beginning to buy cotton in a substantial way.

However, the recent heat wave has made the trade more cautious and allayed their fears somewhat in regard to weevil and insect damage.

There is a growing feeling that business will start improving by early fall, but there is little actual evidence of such improvement so far.

The dry hot weather lately is generally regarded as more favorable to the crop than otherwise, but the writer expects no serious decline in the market in the near future.

Five tables where pretty colonial girl score cards embellished with garlands of roses added beauty to the tables where merry games passed the afternoon all too quickly. Partners were selected by matching cut pictures. Highest score in games was captured by Miss Juanita Laake, who received a huge stick of striped candy; Miss Gladine Criswell was consoled in low score by receiving a package of chewing gum.

The hostess was assisted in the hospitalities by Miss Adalyn Lovick and served iced watermelons.

Previous to the games piano music was enjoyed where the guests assisted on the program.

The teachers of Sunday School formerly pupils of the Friendly Bible Class at the Methodist church were hostesses for a delightful luncheon Friday given in the basement of the church honoring the members of the class.

This was followed with the class quilting two quilts, one a friendship quilt with names of the class members embroidered on each block, which will be given to a member of the class later on, and the other quilt will be sent to the orphans home. Before leaving for their homes in the afternoon, iced melon, cream and cake were served.

SHARPE

By SANDERS AND BROWN

The Baptist revival at Lilac, near here, conducted by Rev. P. L. Caperton of Cameron is proving very successful and vast crowds are attending from this community, Davilla, San Gabriel, Tracy and Cameron. The series of services will most likely close next Sunday night.

Misses Mable and Robertdine Wagner of this community spent the past week in Burnett visiting their father, Robert Wagner.

Around the domino table the Sharpe farmers have been leisurely passing away their time discussing the great gubernatoral campaign while the mercury registers 105 degrees in the shade. We have had plenty of hot weather the past week previous to the four inch rain which fell here Tuesday of this week. It is hard to tell who will be our next State chief executive so far as Sharpe is concerned but you can get the low down on either candidate by just sitting around the Sharpe domino table. Be it good or bad.

The Sharpe Boy Scout Troop No. 58 under the supervision of Marvin Petty, Scoutmaster, was entertained with a barbecue luncheon at Little River bottom Tuesday. The camping grounds were well accomodated with electric lights. Committeemen who attended were Dr. W. H. Lyon, Buster Spiegel, Jim Byrd and Earnest Backhaus.

The Sharpe nine defeated the Sandow baseball team last Sunday by an unbalanced score of 39 to 2. Several home runs were made but Garner starred by getting five runs out of six times up. They will play Thorndale here next Sunday.

WEEKLY COTTON LETTER

SUPPLY

The world's visible supply of cotton of all kinds on Friday, July 15 was 9,359,000 bales compared to 7,918,000 bales on the same date last year, or an increase of 1,441,000 bales. The relatively small increase in the visible supply of all kinds of cotton is accounted for by the supply of foreign growths showing a moderate decrease against a sharp increase in the visible supply of American.

Therefore, the world has consumed more cotton of foreign growths the present season than actually produced, and offsets to a small extent the very large crop of American cotton produced the current season.

Despite the weather having been generally dry and hot over the cotton belt the past ten days, east Oklahoma east Texas, Mississippi, Alabama, Georgia and parts of the Carolinas report an increase in weevil damage, and many points complain of greater injury than in any year since 1923, when a very small crop was produced.

DEMAND

Cotton consumed in the United States during June amounted to 320,783 bales, against 453,901 in June a year ago, and the total for the past eleven months was 4,590,447 bales, against 4,812,000 bales last season.

The present month of July is expected to be the low point in American mill consumption, as slightly more demand is appearing for cotton goods.

England continues to send in cheerful reports reflecting a slight improvement in home trade, a fair demand from Egypt and a steady business with the colonies.

Polish mills are running around 90 per cent capacity, while elsewhere on the continent consumption is only moderate and showing a declining tendency in France, Germany and Italy. Cotton experts for the past eleven months ending in June were 8,258,000 bales against 6,501,000 bales for the same period last year. The increase in exports is due entirely to the heavy demand from the far East, being 1,871,000 bales greater than a year ago.

MARKET

Up until two weeks ago the threat of weevil and worm damage promised to be among the most serious on record, and the cotton trade was beginning to buy cotton in a substantial way.

However, the recent heat wave has made the trade more cautious and allayed their fears somewhat in regard to weevil and insect damage.

There is a growing feeling that business will start improving by early fall, but there is little actual evidence of such improvement so far.

The dry hot weather lately is generally regarded as more favorable to the crop than otherwise, but the writer expects no serious decline in the market in the near future.
